

AI PRODUCT SHARED STAKEHOLDER AGREEMENT

Use this form when the same stakeholder will evaluate two to four standalone AI Products. Complete and sign it, or approve the same statements in an email reply. For more than four products, attach another copy.

STUDENTS AND STANDALONE PRODUCTS

Student name	Standalone AI Product title	Brief date

Each listed item must stand alone and be evaluated independently. Sharing stakeholders does not create a team product or team grade.

STAKEHOLDER INFORMATION

Name

Role / organization

Email

Relationship to the students (check all that apply)

- ☐ No prior personal relationship ☐ Professional / academic ☐ Supervisor ☐ Friend
- ☐ Family ☐ Other:

AGREEMENT Please check each statement.

- ☐ I received and reviewed the attached one-page AI Product Brief for every product listed above.
- ☐ I have a direct reason to care about each intended outcome and could use or benefit from a successful result or meaningful progress toward it. The work may be a prototype or another step toward something usable; my participation does not imply endorsement, adoption, purchase, partnership, contract, affiliation, or transfer of intellectual property.
- ☐ I agree to two combined review sessions, one preliminary and one final. Each student has 10 minutes to present; 20 minutes are reserved for questions and discussion. I will complete a separate brief rubric for each product.

1 product 30 min	2 products 40 min	3 products 50 min	4 products 60 min
----------------------------	-----------------------------	-----------------------------	-----------------------------

- ☐ I am not a Purdue student. (Purdue faculty and staff are permitted.)

VALIDATION AND PRIVACY Choose one.

- ☐ Institutional email: The address above is my university, company, government, nonprofit, church, school, or other institutional address.
- ☐ Personal email: The address above is personal. I will provide a short audio-recorded consent statement with my name, relationship to the students, particular interest in the products, and consent to participate.

Course staff may use this information to validate participation. Recording a review and displaying work publicly require separate permission and are not authorized by this agreement.
